

Ultra High CRI BR30 LED Bulb for Home & Residential

Waveform Lighting's ultra high CRI technology is now available for your home in a standard E26 BR30 form factor. Our bulbs are available in 3000K with 95 CRI.

The BR30 form factor provides light emission in a 120 degree range, which means you can aim the light in the direction it matters most. Despite the directional light output, with our built-in SoftLight™ diffuser technology, you will see fewer hard shadows, creating a warm and inviting atmosphere.

Whether you're looking for a true replacement for an incandescent bulb or need color accuracy for your latest hobby, ultra high CRI LED bulbs will be sure to bring out the true colors in your home.

FEATURES

- Available in 3000K
- BR30/R30 form factor with SoftLight™ technology diffuser
- High CRI: 95+ CRI and R9 > 80
- Compatible with 120V AC, 50-60 Hz
- Conveniently screws into any standard E26 Edison socket
- 12 Watt power consumption
- 800 lumens - equivalent to a 60W incandescent bulb
- Low flicker - 6% or less flicker & flicker index of 0.02
- 120 degree light emission for directional control
- Dimmable
- Conforms to UL safety standards
- 25,000 hours lifetime, 3 year warranty
- For indoor use only
